Lighting

Providing the industry's broadest line of commercial, industrial, institutional and residential fixtures.

The industry's premier brand of specification grade architectural and landscape lighting.

Focusing on architectural integration, optical performance, reliability and innovative manufacturing processes to enhance modern spaces.

Highly regarded by architects and lighting designers alike as the best choice for interior commercial applications for their design and performance.

An industry leader in historically-styled outdoor decorative products available in the market today.

A full-line, specification-oriented manufacturer of quality lighting products, Mark Lighting's extensive capabilities allow designers to fully express their vision from inception to completion.

A pioneer in the lighting control marketplace, Synergy Lighting Controls offers a wide platform of products and solutions.

Light Concepts is committed to creating innovative, energy-efficient lighting that meets the style demands of today's savvy consumer. At Light Concepts, saving energy never looked so good.
