

## FEATURES

- MG, MNFG or MGST trim options fit metric sized ceiling systems, nominal 300 x 1200 mm tee-bar centers.
- Black reveal provides floating door appearance, conceals optional air supply slots.
- Companion fixtures with overlapping ceiling trims available in imperial sized fixtures with standard swing-gate hangers.
- Standard door is mitered aluminum. Completely frames shielding. Corners screwed together for rigidity, easy lens maintenance.
- Urethane foam gasket eliminates light leaks between door frame and housing.
- Optional heat removal dampers (H, RH and D models) and air pattern control blades (A and D models) allow air flow control.
- Guaranteed for one year against mechanical defects in manufacture.

## SPECIFICATIONS

**BALLAST** — Thermally protected, resetting, Class P, HPF, non-PCB, UL listed, CSA certified ballast is standard. Energy-saving and electronic ballasts are sound rated A. Standard combinations are CBM approved and conform to UL 935.

**WIRING & ELECTRICAL** — Fixture conforms to UL 1570 and is suitable for damp locations. AWM, TFN or THHN wire used throughout, rated for required temperatures.

**MATERIALS** — Housing formed from cold-rolled steel. Acrylic shielding material 100% UV stabilized. No asbestos is used in this product.

**FINISH** — Five-stage iron-phosphate pretreatment ensures superior paint adhesion and rust resistance. Painted parts finished with high-gloss, baked white enamel.

**LISTING** — UL listed and labeled. CSA certified (see options). NOM labeled (see options).

Specifications subject to change without notice.
